General Information

Omcan Manufacturing and Distributing Company Inc., Food Machinery of America, Inc. dba Omcan and Omcan Inc. are not responsible for any harm or injury caused due to any person's improper or negligent use of this equipment. The product shall only be operated by someone over the age of 18, of sound mind, and not under the influence of any drugs or alcohol, who has been trained in the correct operation of this machine, and is wearing authorized, proper safety clothing. Any modification to the machine voids any warranty, and may cause harm to individuals using the machine or in the vicinity of the machine while in operation.

CHECK PACKAGE UPON ARRIVAL

Upon receipt of an Omcan shipment please inspect for external damage. If no damage is evident on the external packaging, open carton to ensure all ordered items are within the box, and there is no concealed damage to the machine. If the package has suffered rough handling, bumps or damage (visible or concealed), please note it on the bill of lading before accepting the delivery and contact Omcan within 24 hours, so we may initiate a claim with the carrier. A detailed report on the extent of the damage caused to the machine must be filled out within three days, from the delivery date shown in the shipping documents. Omcan has no recourse for damaged products that were shipped collect or third party.

Before operating any equipment, always read and familiarize yourself with all operation and safety instructions.

Omcan would like to thank you for purchasing this machine. It's of the utmost importance to save these instructions for future reference. Also save the original box and packaging for shipping the equipment if servicing or returning of the machine is required.

Safety and Warranty

WARNING

PLEASE READ THE USER MANUAL CAREFULLY BEFORE OPERATING THE MACHINE

This manual has been prepared to enable the correct installation, regulation and maintenance of the unit. It is therefore of basic importance that the warnings contained in this booklet are carefully read as they supply essential indications regarding the safety of the installation, use and maintenance. The appliance must be installed, tested and serviced by qualified personnel only. Any adjustment whatsoever not expressly authorized

Safety and Warranty

and in disrespect of this manual voids the warranty. Observe all existing local regulations at the time of installation. The packing materials (plastic bags, polystyrene, nails, etc.) as potential hazards, must be kept out of the reach of children and properly recycled according to the existing local regulations. For repairs contact Omcan and request the use of original spare parts. If in doubt do not use the appliance and contact Omcan. Not following the above conditions could risk the safety of those using the unit.

CAUTION:

- The unit would still be too hot to handle immediately after use.
- If the power cord is damaged, it must be replaced by a qualified technician.

Installation

The griddle should be placed on a firm leveled surface. If the unit is placed in close proximity to a wall, partitions, kitchen furniture and decorative finish, it is recommended that they be made of non-combustible material. If not, they should be clad with a suitable non-combustible heat-insulating material and fire prevention should be installed.

Once the griddle is placed in a position by consulting International Standards and regulations. It is advisable to clean the steel plate thoroughly. Warm up the cast iron plate for 3-5 minutes, turn off the thermostat, unplug the unit, clean the unit using warm and soapy water. After cleaning, the griddle is ready to operate.

Operation

Turn on the unit to allow the cooking surface to warm up approximately for 20 minutes. Put the food on the grilling plate, turn the thermostat dial to the required setting and cook. The general cooking temperature is between 200°C and 220°C. Cooking temperature may vary due to the type of food being cooked. When not cooking, turn the thermostat off.

If the griddle does not work, please check the following:

1. The power supply is correct and switched on.
2. The positions of switch and the thermostat are correct.
3. The elements are clear.

Maintenance

The griddle should be cleaned using warm soapy water after each day's operation.

For cleaning grilling plate, use warm soapy water while its still warm. Do not use cold water on a warm plate.

After cleaning, the trays should be dry before putting them back to the unit.

Do not immerse completely in water and do not clean the appliance with a water jet.
