EASY TO PROGRAM

Friendly key pad to program numbers of slices, speed and type of product in seconds.

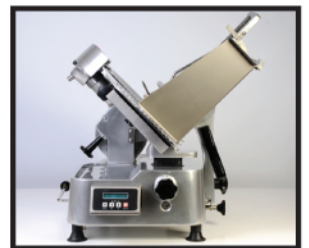

INTEGRATED KNIFE SHARPENER

Aids to maintain a perfect cut, since it sharpens and it seats the knife within its movable stone system.

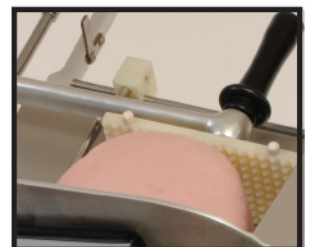

CUT DUE TO GRAVITY

The angle is of 45°, which allows that the product to fall by gravity, reducing the possibility of loss by the movement of the product.

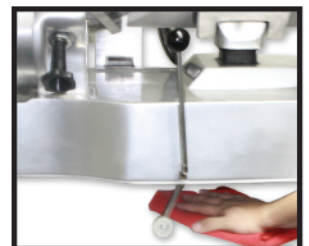

MEAT GRIP

Facilitates feeding of product without to apply force.

EASY CLEANING

The parts of the slicer are easy to disassemble without tools. Its lever system allows you to clean below the slicer with no effort.
